

## Improving Data Collection Quality and Completeness for Systemic Anti-Cancer Therapy (SACT) in Prostate Cancer

Thursday 19<sup>th</sup> March 2026, 09:00-10:00

Location: Online (MS Teams Townhall)

[Sign Up Here](#)

Join the **National Prostate Cancer Audit (NPCA)** and National Cancer Audit Collaborating Centre (NATCAN) for our next quality improvement webinar.

Bringing together data managers, clinicians, allied healthcare professionals, and other relevant stakeholders, we will:

- explore **best practices** in SACT data collection
- highlight common **challenges**
- share **practical approaches** to improving SACT data quality and completeness

Attendees will gain valuable insights into how **high-quality SACT data supports**:

- **meaningful audit**
- drives **quality improvement**
- **enhances outcomes** for men with prostate cancer

This event will be broadcast **live and recorded** for on-demand viewing.

Chair: Noel Clarke, NPCA Clinical Lead
