## JOIN OUR RESEARCH STUDY

### Optimising Medication in Older Adults Receiving Systemic Anticancer Therapies (SACT)

We are inviting pharmacy professionals working in UK cancer services to take part in our study.

#### What this research is about?

To explore how pharmacy teams optimise medication for older adults initiated on SACT

#### Who Can Participate?

- Registered pharmacists or pharmacy technicians
- Currently working in a UK cancer service
- Experience managing medications for older adults receiving SACT

#### What you can expect

A virtual interview (45-60 minutes) via Microsoft Teams to talk about your experience

#### Interested?
